About Us

Uniting Businesses for a More Equal Future

We are a powerful network of several hundred queer and allied businesses and business leaders who share a vision of a more diverse, inclusive, and prosperous business community.

As an affiliate of the National Gay and Lesbian Chamber of Commerce (NGLCC), and a multi-award-winning organization, we're proud to advocate for, empower, promote, and facilitate the success of LGBTQ businesses and their allies in the Metro DC region.

Through our extended network of community partners and event participants, we reach

approximately 5,000 individuals each year through our messaging, networking events, and workshops. We're passionate about fostering an environment where everyone can thrive, regardless of their sexual orientation, gender identity, or expression.

Join us on this exciting journey towards a more equitable and prosperous business community - whether you're an LGBTQ entrepreneur or an ally looking to make a difference. Together, we can create a world where everyone can achieve their dreams and reach their full potential.
